

Agreed Joint Statement following meeting between NEB and Patricia Madden

A meeting took place on 15th October 2019, in Central Office, between the National Executive Board and Patricia Madden.

It was a positive meeting during which matters of concern, difference and misunderstanding were discussed.

The NEB and Patricia accept that each holds the best interests of the ICA to the fore and both pledged to continue to work in the best interests of the current and future members of our great organisation.

The NEB and Patricia welcome the forthcoming AGM, to be held on 23rd November 2019, as an opportunity for ICA to move forward in a spirit of unity and reconciliation and they hope that all ICA members will embrace and support this process.

Josephine Helly, ICA National President

Patricia Madden, ICA Member

15th October 2019
